

ABOUT LADIES CIRCLE

International History:

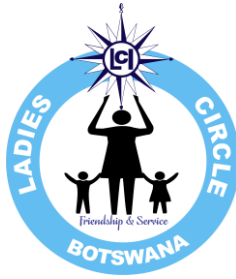

Ladies Circle is an association that was initially founded by the wives of The Round Table (RTI) members in England in 1930. Their intent was to assist their husbands in community service and build new friendships as they serve the communities around them. These regular gatherings resulted in a fully-fledged organisation called Ladies Circle International.

By 1947, Ladies Circle had grown into other countries such as Sweden and Denmark and this later resulted in Ladies Circle International (LCI) formation in 1959. A constitution was drawn up based on equality of all member associations within an international structure. Many countries followed suit and by 2007, the organisation had 36 member countries with more than 13,000 women internationally as members.

The Motto of the Organisation is ***“FRIENDSHIP AND SERVICE”***

At the 1994 AGM, Ladies Circle International became totally independent from the Round Table association. Ladies Circle is now open to all women aged between 18 to 45 years around the world.
